

# MARTIAL LAW NOW EXISTS IN SPAIN

## KING ALFONSO TAKES EXTRAORDINARY MEASURE

### HARRY THAW TAKES STAND ON OWN BEHALF

APPEARANCES NOW INDICATE  
THAT HE WILL BE  
FREED.

(By Associated Press.)  
WHITE PLAINS, July 28.—Harry Thaw's fate lay in his own hands today. For six hours he occupied the witness stand while Jerome, who has twice tried to convict him for murder, and once already has thwarted the effort to release him from the criminal insane asylum, delved into his life's history. Thaw emerged creditably from the ordeal and at no time did White's slayer show signs of insanity. Tonight Thaw, the members of his family, attorneys and experts were unanimous in their opinion that he had proved his fitness to be at large. He will be called to the stand again tomorrow. Jerome's inquiries today strove to establish Thaw's insanity, mainly on his alleged hallucinations regarding Stanford White's treatment of young girls.

### UNCLE SAM'S WHISKERS ARE NOT TO BE PULLED

(By Associated Press.)  
SEATTLE, July 28.—Following complaints from citizens who said the game was insulting to loyal Americans, G. E. Mattox, director of concessions, has ordered closed a booth in the Japanese village, on the Pay Streak, at the Alaska-Yukon-Pacific exposition. This booth contained an attraction known as "Pulling Uncle Sam's Whiskers." Three plaster busts representing Uncle Sam were in the booth. The "whiskers" were made of strings, which patrons would pull out, obtaining prizes according to the numbers attached to the whiskers. The manager of the Japanese village, which has no connection with the official Japanese exhibition, said that no insult was meant by the game, and that it seemed to be popular with the American visitors at the fair.

### Rigid Censorship of All News is Maintained and News Agencies Have Been Threatened by the Government.

(Associated Press.)  
MADRID, July 28.—The revolution at Catalonia has reached a serious stage and there has been much bloodshed. The artillery is employed in the streets of Barcelona to quell the outbreaks and the city is terror-stricken. The revolutionists are reported to be fighting desperately behind barricades. King Alfonso returned from San Sebastian today and issued a decree providing martial law and the suspension of constitutional guarantees throughout Spain. Orders were given to the governors of provinces to crush the revolution at any cost without hesitation and without pity. Fights today not only occurred at home but abroad. The army at Melilla had a bloody battle with the Moors which, though the Spaniards were victorious they lost twenty-one officers and 200 men killed and wounded. It is not known the exact number of dead and wounded from the clashes between troops and rebels at Catalonia will amount to owing to the rigid censorship, although the government admits that rioters were killed in several cities including Barcelona and Alcoy. There has been rioting at Saragossa, Vendrell, Rioja, Port Bou and Llansa. A general strike was declared at Biscay. A dispatch tonight said the Barcelona revolutionists had been defeated as a result of charges by the troops. Later fighting started again, the artillery using the heavy guns to demolish the barricades. The fighting at home is due to the hostility of the people against the Moroccan campaign. The poorer classes from which the regiments were chiefly drawn are especially bitter, complaining that men who can pay \$300 are exempt from military services. The greatest antagonism is aroused by the mobilization of the reserves, many of whom have large families without means of support other than what they themselves earn. Advice from the front say the holy war sentiment is spreading among the interior tribes who are expected to flock to the coast to join the Rifians as soon as the crops are gathered. LONDON, July 28.—A dispatch from Biarritz describes the obstacles imposed on the new service from Spain and Melilla and one of the news agencies at Madrid was threatened with the suppression of all dispatches it says if news disagreeable to the government reaches a foreign country even by post. According to a correspondent the revolutionists are masters of the situation at Barcelona and churches, colleges and convents have been wrecked in every direction. The troops are acting on the defensive. Two brigades of cavalry and the third and fourth army corps will be sent to Barcelona from Madrid under the command of Prince Charles of Bourbon. A dispatch from Madrid states that Alfonso was wildly hooted on the streets upon his arrival from San Sebastian. MADRID, July 28.—Late telephone advices from Barcelona describe the disturbance as terrible, especially in the Palleto district where gendarmes and mounted artillerymen charged the mobs with drawn sabers. A mob headed by women dispersed the cavalry and many women and children were shot. Street cars were burned and a carriage containing several correspondents was struck by bullets. At Pueblo Nuevo, a suburb of Barcelona, a convent was badly damaged and the church of San Pablo and the parochial schools are in ruins. Queen Victoria has opened a national women's subscription on behalf of the families of the dead and wounded at Melilla. EL FERROL, July 28.—Two armored cruisers and three destroyers have been ordered to Barcelona.

### COMMITTEE HAS SUBMITTED REPORT TO PRESIDENT

(By Associated Press.)  
WASHINGTON, July 28.—The majority members of the conference committee on the Payne-Aldrich bill brought their labors to a sudden close at 6 o'clock tonight. Then without a moment's delay they hurried to Fort Myers to submit their report to Taft, who had gone there to see the intended flight of the Wright aeroplane. All day the conferees struggled with the question of bringing down the house rates on gloves and the senate rate on lumber to figures they felt would meet the executive approval without success. Lumber was made dutiable at rates a little below those named in the senate bill, and there was a slight shading from the house rates on gloves of good quality. What occurred at the conference of Taft, Aldrich and Payne was not learned. It is announced the Democratic members of the conference committee will be called into session at 10 o'clock tomorrow and that the conference report will be presented to the house probably by noon Friday.

### JIM JEFFRIES POSTS FORFEIT OF \$5,000

WHILE JACK JOHNSON SAYS HE  
WILL SOON DO THE  
SAME.

(By Associated Press.)  
NEW YORK, July 28.—James Jeffries arrived today and posted \$5000 as a forfeit to fight Jack Johnson from twenty to forty rounds before the club offering the best inducements. Jeffries insists when the articles are signed that an additional forfeit of \$5000 shall be posted, the whole \$20,000 to go to the winner. He leaves for a European trip in a few days. JACKSON (Mich.), July 28.—Jack Johnson when informed that Jeffries had posted a \$5000 forfeit, stated he would leave Chicago Monday night for New York to cover the forfeit and also stated he would be ready to fight at any time, and expressed confidence in being able to defeat the former boxer within fifteen rounds. Johnson said he preferred to have the fight take place in San Francisco.

## SENATOR ACQUITTED FOR BEATING NEGRO

Court Says He Was Justified in Reprehending Pullman Car Porter.

(By Associated Press.)  
BALTIMORE, July 28.—The charge against Senator William Stone of Missouri of having attacked Lawrence G. Brown, a negro waiter on a Pennsylvania railroad train, was dismissed by Police Magistrate Grannon today, who declared that under the circumstances the assault was justifiable. Justice Grannon said: "Senator Stone, I've traveled a great deal, and can fully appreciate the treatment you received at the hands of Brown, who it has been shown was discourteous in the extreme. I feel that you had sufficient provocation, and that you were absolutely justified in reprehending and striking Brown. I dismiss you." The case grew out of an incident of a trip yesterday of Stone from Philadelphia to Washington. The trip was interrupted here last night when a policeman entered the senator's car, arrested and sent him to the station house in a patrol wagon accompanied by Brown. The matter was dropped today at the request of the railroad company and Pullman company.

### JACKRABBIT CHASE PLANNED FOR TAFT

(By Associated Press.)  
SAN ANTONIO (Tex.), July 28.—A wildcat hunt and a jackrabbit chase are among the diversion planned for President Taft when he visits the Taft ranch, near San Antonio, in November. Joseph H. Green, superintendent of the big estate, who was in San Antonio yesterday, told of the preparations being made for the entertainment of the president. That the president will not be deprived of his favorite pastime, golf links are being hurried to completion. The erection of a pagoda and bathhouse on the golf are among other improvements being made for the special use of the president.

### MISSING CASHIER MAY HAVE FILCHED MORE THAN \$80,000

(By Associated Press.)  
TIPTON (Ind.), July 28.—How much more than \$60,000 is missing from the First National bank, of which Noah Marker, who has disappeared, was assistant cashier, continued today to be a secret. Anxious depositors gathered near the bank today curiously discussing the placard announcing that Mark-

er had absconded with all the bank's available cash and that the institution would be closed until further instructions had been received from the treasury department at Washington. Bank Examiner W. D. Frazier, of Warsaw, Indiana, was expected to arrive today and take charge of the books. At least \$25,000, it has been discovered, had been missing before Marker left. This brings the total of money missing so far as now positively known, to \$85,000.

### LOOT IS UNCOVERED BY SCRATCHING HEN

(By Associated Press.)  
NEW YORK, July 28.—When jewelry valued at \$1000 was stolen from the home of William H. Skinner of Lakewood, New Jersey, in April, he offered a reward of \$250 for its recovery. A hen's scratching under the front porch of the Skinner home has brought the stolen jewelry to light, uncovering the spot where the thief had apparently buried the treasure.

### FLIGHT OF THE WRIGHT AEROPLANE IS POSTPONED

(By Associated Press.)  
WASHINGTON, July 28.—A persistent wind and a suddenly discovered stoppage of a gasoline feed pipe to his motor, prevented Orville Wright from making his final cross-country two-man test of the aeroplane today. The flight, therefore, was declared off for the day, the army officials granting three days additional time for the test. The course which Wright was to have taken was marked by bright yellow captive balloons and a relay of mounted soldiers whose duty would be in case of an accident to hasten to the fallen machine and bear word back to the fort. The flight will be made tomorrow, the weather conditions permitting.

MINERS USE DYNAMITE.  
GLACE BAY (B. C.), July 28.—One of the most serious acts of violence that has yet accompanied the miners' strike at the collieries of the Dominion Coal company came today when dynamite was exploded beneath the piazza of the residence of Manager Simpson of the Dominion No. 10 colliery. No one was hurt.

### TWO MINERS ARE SUFFOCATED IN A SHAFT

WINNEMUCCA, July 28.—The dead bodies of H. L. Edwards and Edward Gillette were found yesterday at the bottom of a 40-foot shaft on a claim they were working about five miles from Mud Springs. It is believed they were asphyxiated, as the men who brought the remains to the surface were nearly overcome by the foul gas in the shaft. The bodies were found by a man named Schell who found the camp deserted and made a search for the missing miners. Edwards, who was a well-known mining man, with extensive interests in this country, formerly lived in Salt Lake and is said to have been a brother of the state auditor of Utah. Gillette conducted a hotel at Chafey, a mining camp about thirty miles from here. CITY UNDER CHARTER RULE. COLORADO SPRINGS (Col.), July 28.—This city passed from an elective city government under the state law to one under charter rule at 9:56 this morning.

## BASEBALL MAGNATE ATTEMPTS SUICIDE

Henry C. Pullman, President National League Shoots Self in Head.

(By Associated Press.)  
NEW YORK, July 28.—Harry C. Pullman, president of the National League baseball clubs, attempted suicide tonight in his rooms at the New York Athletic club. Pullman shot himself through the right temple and the bullet came out the left side of the head, destroying the sight of both eyes, it is said. It is not believed that he can recover, although he continued in a conscious state some time after the shooting. The sound of the shot was not heard in any part of the club house, but Pullman in falling to the floor apparently dislodged the receiver of the telephone which was standing on a table nearby. The operator on the ground floor in answering the signal received no reply and sent a bellboy to Pullman's room. The boy found the baseball magnate lying on the floor half clad. He immediately gave the alarm. Dr. Higgins, the club physician who dressed the wounds, notified coroner's physician, Shady. Both doctors attempted to get an explanation from Pullman as to why he attempted to kill himself, but he continued too dazed to give an intelligible answer.
